Exploring Luke's Gospel: A Guide to the Gospel Readings in the Revised Common Lectionary Leslie J. Francis, Peter Atkins

Jung's theory of psychological type distinguishes between the four functions of sensing, intuition, thinking and feeling. This book uses type theory to explore 51 passages from Luke's Gospel that are included in the Revised Common Lectionary. The insights gained provide an invaluable resource for teachers and leaders, and well as a key tool for personal meditation. The theory has profound implications for Christian leaders who need to nurture all four psychological types in their congregations.
