For U.S. History survey courses

This package includes MyHistoryLab®

Examine American history through the lens of contested equality

Created Equal: A History of the United States frames the American experience as the stories of various groups of men and women, all “created equal” in their common humanity, claiming an American identity for themselves. Presenting a rich historical analysis in a chronological framework, the authors challenge students to think critically about the ongoing struggles over equal rights and the shifting boundaries of inclusion and acceptance that have characterized American history. Updated with the latest data and statistics, the **Fifth Edition** covers contemporary issues of inclusion such as marriage equality and the reopening of diplomatic relations with Cuba.

Enhance learning with MyHistoryLab

MyHistoryLab for the U.S. History survey course extends learning online to engage students and improve results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. Please note: this version of MyHistoryLab does not include an eText.

NOTE: The print component included in this package is a **Pearson Books a la Carte edition**: a convenient, three-hole-punched, loose-leaf text. In addition to the flexibility offered by this format, Books a la Carte editions offer students great value, as they cost significantly less than a bound textbook.

Created Equal: A History of the United States, Fifth Edition is also available via **REVEL™**, an interactive learning environment that enables students to read, practice, and study in one continuous experience.
