None Dare Call It Treason - 25 Years Later John A. Stormer

In this 25th anniversary edition of None Dare Call It Treason, John Stormer asks: "Are the changes in Eastern Europe and the Soviet Union for real? or could they be part of a cleverly executed long range plan designed to disarm the United States while providing the Russians with economic aid they desperately need to bail out their collapsed economy?" As a 30-year student of the world communist movement, John Stormer has the credentials to ask and answer those questions. Stormer's original None Dare Call It Treason documented how leftists of various persuasions have dominated America's schools, churches, press, labor unions and State Department for 70 years as they murdered 100-million people and enslaved other billions. These leftists - and their disciples - maintain their power bases and influence in America's basic institutions today. To prevent them from piling new tragedies on top of old - and to insure that traditional American freedoms are not traded away for socialist dreams or new communist deceptions - Americans must realize what has happened in the past and why. None Dare Call It Treason - 25 Years Later is the tool for awakening and educating Americans so they thwart leftist plans for entangling the United States in a "new world order."
