Philosophy of Religion: Bolinda Beginner Guides

Charles Taliaferro

Philosophy of Religion: Bolinda Beginner Guides Charles Taliaferro

A modern take on this age-old branch of philosophy.

Isaac Asimov said that "whatever the tortures of hell, I think the boredom of heaven would be even worse." Such quandaries are the bread and butter of philosophy of religion. Questioning why evil exists, whether God could create a stone he couldn't lift, and if the wonder of life suggests a Creator, this fascinating branch of philosophy is concerned with arguments for and against religion, and what form an immortal god (or gods) would take if in existence.

Charles Taliaferro provides a clear exploration of the discipline, introducing a wide range of philosophers and covering the topics of morality and religion, evil, the afterlife, prayer, and miracles.
