Oh No, Astro! Matt Roeser

Asteroids! Planets! Astronauts!

In this charming debut picture book, a grumpy asteroid named Astro is thrown out of orbit and takes an unexpected journey through space!

Astro is a cranky asteroid who just wants everyone to respect his personal boundaries. But when a satellite knocks Astro out of orbit, he is forced to embark on an epic adventure through space...whether he wants to or not!

Filled with playful illustrations and tons of cool facts about space, this picture book is a must-have for all the future astronauts who are ready to journey through the galaxy.

You can have new activity to invest your whole day by reading a book. Ugh, do you consider reading a book can definitely hard because you have to accept the book everywhere? It ok you can have the e-book, taking everywhere you want in your Cell phone. Like Oh No, Astro! which is having the e-book version. So , why not try out this book? Let's view.

Peter Landon:

As a pupil exactly feel bored to reading. If their teacher inquired them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the educator want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Oh No, Astro! can make you feel more interested to read.
