If you are one of those parents who believe that potty training requires a lengthy process, This book is written to prove beyond doubt that potty training is not only possible but can be achieved within 3 days. Yes 3 days. Potty training in 3 days or less... How can that be possible? Have you asked yourself this question, maybe several times? You have probably already concluded that it is only achievable in the dream world. To some people, it is like trying to have unnecessary high expectations so they have decided the best thing to do is to allow the little child to take things slowly until he or she is ready to accept the use of potty. Some people have even resigned themselves to the fate of living with a little child who is just not ready to use the potty. In simple words, they have given up. Is potty training as difficult as it looks? I have good news for you. You can potty train your little boy or girl in as little as 3 days.

**This book will guide you and help you through each and every step - you will be able to learn:**

- What potty training is all about
- What is meant to be potty training ready
- Process of potty training for the various ages of kids
- Pre and post periods of potty training
- Rewarding successes and handling failures
