50 Ways to Slowly Kill Your Marriage Gregg Stutts

Is there something you're doing that's killing your marriage?

Years ago, I wrote a blog post entitled, “45 Ways to Slowly Kill Your Marriage.” It was just a list of ways I've seen people unintentionally killing their marriages. Since then I've been fascinated by some of the Internet searches that have led people to that post.

Here are some of the actual phrases people used:

- “ways to kill a marriage”
- “how to kill your marriage”
- “3 ways to kill your marriage”
- “10 ways to kill a marriage”
- “12 ways to kill a marriage”
- “14 ways to kill a marriage”
- “20 ways to kill your marriage”
- “21 ways to kill your marriage”
- “45 ways to kill a marriage”
- “46 ways to kill your marriage”
- “50 ways to kill your husband game”

I have to admit I'm a little curious about the “50 ways to kill your husband game.” I didn't even know there was a game.

Then there's the person who apparently doesn't have any time to waste. He or she just wants to know “the #1 way to kill a marriage.”

For some people, just killing the marriage isn't enough. They've really had all they can stand:

- “how to slowly kill your wife”
- “how to slowly kill your husband”
- “how to kill your husband slow”
- “how to kill your spouse slowly”

And then there's the woman who decided to not even wait until she was married. She wanted to know “how to kill your boyfriend.”

Obviously, there's a great deal of pain and anger behind these searches, especially for the woman who searched for “how to kill your husband slowly and painfully.”

Who is this book for?

Anyone who has tried to explain to their spouse how they feel, but can't get through.
Anyone who feels their marriage is slowly dying, but can't quite put your finger on all the issues.

Anyone who feels the spark is gone and has started to wonder if getting married was a mistake.
Anyone who has started hearing things like, "I don't love you any more."
Anyone in a marriage where the word "divorce" is used frequently...or ever.
Anyone who knows their not perfect and wants to experience a new level of intimacy.

No one goes into marriage with the intent of killing it. We all want an exciting, fulfilling and intimate relationship. We're just not always sure how to get it. Or how to avoid killing it.

In this book, I'll show you the things you or your spouse may be doing to kill your marriage. Not knowing what they are can be...well, deadly.

Only once you know what the 50 ways are can you implement the George Costanza behavioral model. If you're a Seinfeld fan, you'll remember the episode where George realizes every impulse he's ever had and every decision he's ever made have been wrong.

When Elaine suggests he talk to an attractive woman who was staring at him, George says, "Elaine, bald men with no jobs and no money who live with their parents don't approach strange women.

Then Jerry says, "If every instinct you have is wrong then the opposite would have to be right."

George thinks for a moment and says, "Yes! I will do the opposite!"

To save your marriage, you may have to star doing the opposite. Like George, your instincts related to marriage have been wrong. It's okay if you've been wrong. It's just not okay to stay wrong.
