Brave New Ideas Tushar Cosmic

Why should you study this book, a valid question?

The answer is, this book can increase the wisdom, decrease the stupidity.

This book is a collection of my ideas, random ideas, random like clouds.

Ideas like red chilies, red chilies which never leave us un-affected, we like or don't, no matter.

Ideas sarcastic, Ideas caustic. Ideas, never caring what the hell others might think.

Ideas, to hammerize you somewhat.

Ideas, to memorize you something.

Ideas, demolishing the old structures.

Ideas, pregnant with seeds of social changes.

Ideas to show you some new aspects of the life as well as some new angles of the already known issues.

Ideas, which came to you so many times, but you didn't give them words because you didn't believe in them, because you had some urgent jobs to do, because you thought that there was no use of doing this as nobody was going to pay a heed and because of so many other reasons, reasons vague and reasons vivid.

Ideas, your ideas, coming out through me.

Ideas, scattered, changing gears every moment, just like life itself, uncategorized.

Ideas, for a brave new life.

Ideas, for a brave new world.

IDEAS! BRAVE NEW IDEAS!!

Your question was valid, my answer too is valid, but for checking that you shall study the whole book.

Believe me, sometimes strangers are authentic and the acquaintances prove bogus.
