When she is caught spying on the alien empire which has conquered Earth, Freya is shipped off to a prison colony on the distant planet Tagra. Upon her arrival, she is subjected to a thorough, intimate medical examination intended to assess her response to sexual stimulation, and when she protests the humiliating procedure her bare bottom is soundly spanked.

Marco takes his job as governor of Tagra seriously and he is well-known among the prisoners for his firm-handed discipline, but from the moment he first encounters Freya he cannot keep the feisty Earthling off his mind. After taking it upon himself to personally oversee her initial exam, he delights in bringing the naked, blushing human to one quivering climax after another.

Though Marco quickly proves that he will not hesitate to punish Freya when she defies the rules of the colony, her burning backside does nothing to diminish her growing need for him to claim her and take her long and hard. She soon finds herself falling ever more deeply in love with the handsome, dominant alien who both demands her submission and brings her pleasure beyond anything she could have ever imagined, but can she dare to hope that Marco will one day see her as more than just his prisoner and his plaything?

Publisher's Note: Chosen by the Governor is an erotic romance novel that includes spankings, sexual scenes, medical play, elements of BDSM, and more. If such material offends you, please don't buy this book.
