Desperate for a change - and hoping to shake off the guy who has been stalking her for the last two years - Raven James moves to Karin, Texas to start a new life.

Until now, her stalker has kept his distance. But when a sexy young detective Conrad enters the scene, her stalkers behavior becomes more and more disturbing, leaving Raven to wonder how far he will go to get what he wants.

When Conrad turns up at her work with some interesting 'ideas' on how to draw her stalker out of the woodwork, Raven is willing to try anything, even if it means doing things she never thought she was capable of.

Conrad says he can help, but the line between duty and desire will be blurred in an effort to catch a madman.
