Zehua Chen, Zhidong Bai, Bimal Sinha

Ranked Set Sampling: Theory and Applications (Lecture Notes in Statistics) Zehua Chen, Zhidong Bai, Bimal Sinha

The first book on the concept and applications of ranked set sampling. It provides a comprehensive review of the literature, and it includes many new results and novel applications. The detailed description of various methods illustrated by real or simulated data makes it useful for scientists and practitioners in application areas such as agriculture, forestry, sociology, ecological and environmental science, and medical studies. It can serve as a reference book and as a textbook for a short course at the graduate level.
