The Human Condition: Christian Perspectives Through African Eyes (Global Christian Library) Joe M. Kapolyo

Human beings are complex. For all our contemporary knowledge and ability, however wonderful and widely available, people around the world face a crisis of human identity that calls into question the meaning of existence and the basis of moral behaviour.

Responding to these challenges, Joe Kapolyo recognizes both the authority of the Bible, which teaches that people are created in the image of God but also corrupted by rebellion and sin, and the relevance of distinctly African perspectives on what it means to be human. Although he reads these perspectives critically, they lead him to reaffirm the biblical vision of redeemed human life in community in Christ. This vision offers a solution to the crisis of identity experienced by people who have forgotten who they are - and whose they are.
