## **The Tick People** Carlton Mellick III

They call it Gloom Town, but that isn't its real name. It is a sad city, the saddest of cities, a place so utterly depressing that even their ales are brewed with the most sorrow-filled tears. They built it on the back of a colossal mountain-sized animal, where its woeful citizens live like human fleas within the hairy, pulsing landscape. And those tasked with keeping the city in a state of constant melancholy are the Stressmen—a team of professional sadness-makers who are perpetually striving to invent new ways of causing absolute misery.

But for the Stressman known as Fernando Mendez, creating grief hasn't been so easy as of late. His ideas aren't effective anymore. His treatments are more likely to induce happiness than sadness. And if he wants to get back in the game, he's going to have to relearn the true meaning of despair.

Like *James and the Giant Peach* combined with one of David Cronenberg's early body horror films, *The Tick People* is a charming children's fable that quickly devolves into a grotesque sexual nightmare.
