Awakening the Giant Within Greg Doyle

Greg Doyle is able to leave his body. Awakening the Giant Within is a true and compelling account of his experience of other realities. One morning while sleeping, a light enters his forehead, waking up his consciousness and taking it down a wormhole to another world. This process ushers in a whole new paradigm of existence for Greg as he experiences firsthand the truths of reincarnation, extraterrestrial intelligence, guidance, the nonexistence of fear, the enduring nature of human happiness, the power of true faith, and the essential urge of our creative imperative. Awakening the Giant Within is a heartfelt, colorful, and inspiring story, tinged with social insight and offering hints and exercises on how to activate your own astral body (the giant within) and to experience more fully and firsthand the greater universal consciousness.
