## **Waiting for God: The Spiritual Reflections of a Reluctant Atheist** Lawrence Bush

Why are so many baby boomers tuned into a quest for spirituality? How did growing up with the Bomb influence a generation's view of science and spirit? What effects did psychedelic drugs have on American spirituality? What is the difference between open-mindedness and gullibility? Is God a necessary part of a religious life? Is atheism merely a negation of religious belief, or is it something more? *Waiting for God* challenges us to become the God we seek: Like Prometheus, Bush steals the Heavenly Fire, and treasures a vision of planting it in his own heart and the hearts of his fellow men. *Waiting for God* offers a probing look at the generational factors - growing up with the Bomb, psychedelic drugs, environmental crisis, and more - that led the Woodstock generation down the path of spirituality. *Waiting for God* grasps, from an atheist's perspective, the sense of human interconnection that defines contemporary spirituality and poses challenges for skeptics and humanists to provide spiritual leadership in a hungry age.
