The Children of Roswell: A Seven-Decade Legacy of Fear, Intimidation, and Cover-Ups Thomas J. Carey, Donald R. Schmitt

Despite the government's best efforts to explain it away, after nearly 70 years, Roswell is a story that just won't disappear. Parents who were present during or immediately after the incident may have passed on, but their children know what happened' and have paid dearly for their knowledge. These are their stories. You will finally learn the truth about:

- The daughter of a witness to an alien body who discovered that her phone had been bugged for years.
- How the US Air Force tried to change the mind of the son of the Roswell intelligence officer in 1995.
- What really became of the son of the principle witness, who disappeared in 1960.

These are stories worth hearing that force you to think about why the government would go to such lengths to keep these families quiet.
