For Love of Insects

Thomas Eisner, Edward O. Wilson

For Love of Insects Thomas Eisner, Edward O. Wilson

Imagine beetles ejecting defensive sprays as hot as boiling water; female moths holding their mates for ransom; caterpillars disguising themselves as flowers by fastening petals to their bodies; termites emitting a viscous glue to rally fellow soldiers--and you will have entered an insect world once beyond imagining, a world observed and described down to its tiniest astonishing detail by Thomas Eisner. The story of a lifetime of such minute explorations, *For Love of Insects* celebrates the small creatures that have emerged triumphant on the planet, the beneficiaries of extraordinary evolutionary inventiveness and unparalleled reproductive capacity.

To understand the success of insects is to appreciate our own shortcomings, Eisner tells us, but never has a reckoning been such a pleasure. Recounting exploits and discoveries in his lab at Cornell and in the field in Uruguay, Australia, Panama, Europe, and North America, Eisner time and again demonstrates how inquiry into the survival strategies of an insect leads to clarifications beyond the expected; insects are revealed as masters of achievement, forms of life worthy of study and respect from even the most recalcitrant entomophobe. Filled with descriptions of his ingenious experiments and illustrated with photographs unmatched for their combination of scientific content and delicate beauty, Eisner's book makes readers participants in the grand adventure of discovery on a scale infinitesimally small, and infinitely surprising.

From reader reviews:

Robert Maselli:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to know everything in the world. Each publication has different aim or perhaps goal; it means that reserve has different type. Some people feel enjoy to spend their time for you to read a book. These are reading whatever they acquire because their hobby will be reading a book. What about the person who don't like studying a book? Sometime, particular person feel need book once they found difficult problem as well as exercise. Well, probably you will require this For Love of Insects.

Michelle Mills:

Spent a free time for you to be fun activity to complete! A lot of people spent their sparetime with their family, or their very own friends. Usually they accomplishing activity like watching television, about to beach, or picnic inside the park. They actually doing same task every week. Do you feel it? Do you need to something different to fill your own free time/ holiday? May be reading a book might be option to fill your cost-free time/ holiday. The first thing that you ask may be what kinds of guide that you should read. If you want to consider look for book, may be the book untitled For Love of Insects can be excellent book to read. May be it can be best activity to you.

Nellie Nelson:

A lot of people always spent their free time to vacation or maybe go to the outside with them household or their friend. Do you realize? Many a lot of people spent that they free time just watching TV, as well as playing video games all day long. If you wish to try to find a new activity here is look different you can read some sort of book. It is really fun for you personally. If you enjoy the book you read you can spent the entire day to reading a book. The book For Love of Insects it is very good to read. There are a lot of those who recommended this book. These people were enjoying reading this book. When you did not have enough space to bring this book you can buy typically the e-book. You can m0ore quickly to read this book through your smart phone. The price is not to cover but this book possesses high quality.

Roberta Anglin:

This For Love of Insects is great reserve for you because the content that is certainly full of information for you who always deal with world and also have to make decision every minute. This book reveal it details accurately using great manage word or we can declare no rambling sentences inside it. So if you are read the item hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but tricky core information with lovely delivering sentences. Having For Love of Insects in your hand like getting the world in your arm, information in it is not ridiculous a single. We can say that no e-book that offer you world with ten or fifteen second right but this e-book already do that. So , this really is good reading book. Hi Mr. and Mrs. busy do you still doubt this?
