The Buddha's Radical Psychology: Explorations Rodger R Ricketts

The Buddha's teachings are, at heart, a way of life based on a revolutionary psychology which emphasises the cultivation of wisdom and compassion. Through an exploration of significant, recent findings and thought in psychology, neuroscience, biology, physics, linguistics, ecology and culture, this book shows how the Buddha's teachings are at the cutting edge of the new direction that psychology must take to reflect and apply the latest trends in science.
