Julia has the seemingly perfect family; a successful husband and three wonderful kids. From the outside all seems well, but behind closed doors things are anything but ordinary. Julia's marriage has become distant and she finds stunning evidence about her husband's actions on his business trips. Julia wants to escape and decides to make a decision that will change her life forever.

### **Sample Of What's Inside!**

Preston kept a tender but tight hold of my hand as he led me into his bedroom. By then, my tears had dried in almost invisible, salty streaks. My heart was fluttering in my chest and, although I was no more capable of rational speech, it was for a very different reason.

He'd said nothing as he'd tentatively explored my lips with several more soft kisses. No words had been uttered before those explorations had turned more frenzied and his tongue quested entrance into my mouth. Speech hadn't seemed necessary as the hand at my waist moved to entwine with my fingers and we wandered from the kitchen.

This man was no less of a mystery to me. In fact, if anything, he was more of one. There I'd been, an emotional wreck, and he still seemed interested in taking me to bed. Was he that desperate? No, there was more to it than just sex – even then, in my muddle-headed state, I think I realized that. For reasons unknown to me, and perhaps unknown to both of us, he appeared to be drawn to me in a similar way I'd experienced with him. Maybe his better judgment was telling him to kick the crazy bitch out of his apartment while he still could, but if that was the case, another part of him was fighting it.
