AHA Hospital Statistics(TM) 2015 edition Health Forum

The comprehensive reference source for analysis and comparison of hospital trends in utilization, personnel and finances in U.S. community hospitals for selected years from 1946 to 2013. Data comes from AHA Annual Surveys of Hospitals and U.S. Census Bureau population data. Data includes:

-Five year trends for utilization, personnel and finances for 2006-2013 by total U.S., bed size, U.S. Census Division and state.

-Facilities and services by U.S. Census Division and state for 2013

-Community health indicators by U.S. Census Division and Metropolitan Statistics Area with 2013 Fiscal Year hospital data

-U.S. Community hospital wall chart (poster)

Hospital Statistics is used by health care provider organizations, research and strategic planning firms, consulting and finance firms, academic organizations and hospitals for comparative marketplace analysis and trend analysis and research.

From reader reviews:

Jill Spann:

Book is actually written, printed, or illustrated for everything. You can understand everything you want by a reserve. Book has a different type. As you may know that book is important thing to bring us around the world. Close to that you can your reading expertise was fluently. A guide AHA Hospital Statistics(TM) 2015 edition will make you to be smarter. You can feel more confidence if you can know about everything. But some of you think in which open or reading any book make you bored. It is not necessarily make you fun. Why they could be thought like that? Have you searching for best book or suitable book with you?

Dorothy Shuler:

Information is provisions for folks to get better life, information these days can get by anyone from everywhere. The information can be a understanding or any news even a problem. What people must be consider when those information which is within the former life are hard to be find than now could be taking seriously which one is acceptable to believe or which one the resource are convinced. If you have the unstable resource then you understand it as your main information we will see huge disadvantage for you. All of those possibilities will not happen with you if you take AHA Hospital Statistics(TM) 2015 edition as the daily resource information.

Miguel Willis:

As a student exactly feel bored in order to reading. If their teacher questioned them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's internal or real their passion. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this AHA Hospital Statistics(TM) 2015 edition can make you feel more interested to read.

Suanne Barnwell:

Reserve is one of source of knowledge. We can add our knowledge from it. Not only for students but in addition native or citizen need book to know the revise information of year in order to year. As we know those guides have many advantages. Beside all of us add our knowledge, also can bring us to around the world. Through the book AHA Hospital Statistics(TM) 2015 edition we can take more advantage. Don't someone to be creative people? To get creative person must love to read a book. Merely choose the best book that suited with your aim. Don't be doubt to change your life by this book AHA Hospital Statistics(TM) 2015 edition. You can more desirable than now.
