D-Boys (2 Book Series)

Michael Stephen Fuchs

D-Boys (2 Book Series) Michael Stephen Fuchs

From Book 1:

Readers call the D-BOYS series:

"a high-octane adrenaline-fueled action thrill-ride" ... "pure action" ... "one of the best action thrillers of this year (or any year for that matter)" ... "a riveting, fast paced classic!!" ... "The Best Techno Military Thriller I have read!" ... "Up there with Clancy and W.E.B. Griffin" ... "Awesome!" ... "Gripping" ... "Edge of your seat action" ... "What a wild ride!!! I simply could not put this book down" ... "has a real humanity and philosophical side as well" ... "spectacular in so many ways" ... "hi-tech and action in one well-rounded explosive thriller..."

The world's most elite counter-terrorist operators

A cyber-security guru suddenly getting shot at and blown up rather more than usual

And nuclear-armed terrorists rolling with impunity through a lawless and brutal virtual world

The year is now. Islamist terrorists hack into America's most sensitive defense networks, launch chemical weapons attacks on Western cities, and stage a raid on the vulnerable nuclear weapons storage facilities in Pakistan. They are using a massively-multiplayer online video game (or "virtual world") as a platform for planning and rehearsing their attacks - forcing a squad of supremely elite Delta Force operators (reinforced by an info-security expert from the Department of Homeland Security) to go *inside* the game to fight them.

But the fight only begins there. Get ready for breath-stealing action in every known battlespace - clockwork urban safehouse takedowns, combat helicopter assaults, brutal ambushes in the trackless mountains, waterborne SEAL team ops, precision close-quarters battle sequences, and CheyTac Intervention sniper rifle systems that can kill you from a mile and a half away.

These weapons, tactics, tech, and 21st-century warriors will be unlike anything you've ever read.

The D-Boys return in COUNTER-ASSAULT - the second salvo in Michael Stephen Fuchs' series of high-concept, high-tech special operations military adventure novels.
