## Descartes and Method: A Search for a Method in Meditations (Routledge Studies in Seventeenth-Century Philosophy) Clarence A. Bonnen, Daniel E. Flage

Rene Descartes credited his success in philosophy, mathematics, and physics to the discovery of a universal method of inquiry, but he provided no systematic description of his method. *Descartes and Method* carefully examines Descartes' scattered remarks on his application and puts forward a systematic account of his method with particular attention to the role it plays in the *Meditations*.

Daniel E. Flage and Clarence A. Bonnen boldly and convincingly argue against the orthodox conception that Descartes had no method. Through a rigorous and thorough examination, Flage and Bonnen unearth and explain the role of the method of analysis in the *Meditations*.

*Descartes and Method* is a ground-breaking book that is sure to make a considerable impact on the philosophy community. Anyone wishing to gain a new understanding of Descartes's *Meditations* should read this book.
