Woodturning Wizardry David Springett

20 Fascinating projects to intrigue every woodturner. Projects include: arrow through bottle, lattice-lidded boxes, interlocking spheres and more. Spheres within spheres, stars within cubes, delicate lattices with no apparent means of suport - woodturners over the centuries have developed a whole range of extraordinary structures which seem at first sight to be quite impossible. In fact, all of these things can be made by anyhone with basic woodturning skills, an ordinary lathe and simple hand tools - and this book shows you how. Introductory chapters describe the equipment required - much of which you can make yourself - and give advice on wood selection, setting out the work, and turning the basic shapes.
