Time Flies (Caldecott Honor Book)

Eric Rohmann

Time Flies (Caldecott Honor Book) Eric Rohmann

Time Flies , a wordless picture book, is inspired by the theory that birds are the modern relatives of dinosaurs. This story conveys the tale of a bird trapped in a dinosaur exhibit at a natural history museum. Through Eric's use of color, readers can actually see the bird enter into a mouth of a dinosaur, and then escape unscathed.

Eric Rohmann's Caldecott Honor-winning debut is now available as a *Dragonfly* paperback. It is at once a wordless time-travel adventure and a meditation on the scientific theory that dinosaurs were the evolutionary ancestors of birds. *The New York Times Book Review* called *Time Flies* "a work of informed imagination and masterly storytelling unobtrusively underpinned by good science...an entirely absorbing narrative made all the more rich by its wordlessness." *Kirkus Reviews* hailed it as "a splendid debut."
