Seamanship Techniques David J House

Seamanship Techniques covers, in this consolidated single volume, the knowledge of seamanship required by marine students and serving seafarers. It is ideal for Merchant Navy Officers from Cadet rank to Master Mariner, incorporates all recent amendments to Collision Regulations, and is used extensively by training establishments around the world. The single volume, at a more affordable price, will allow many more mariners to benefit from the author's thirty years experience, both as a lecturer and as a seafarer on many different types of vessel.

This edition has been revised throughout to take account of the latest developments up to 1998, and will prove invaluable for many years to come.

Part One. Shipboard practice, covers the ship, anchor work, ropework, wirework and rigging, lifting gear, cargo and hatchwork, boatwork, survival craft and communications.

Part Two. Shiphandling, covers watchkeeping duties, speed and depth, marine instruments, meteorology, preventing collisions at sea, emergencies, firefighting, search and rescue, ship handling and tanker work.
