How I Became Gay.: A Spiritual Perspective

Pete Brock

How I Became Gay.: A Spiritual Perspective Pete Brock

This is a transparent perspective of how a persons identity is very much affected by social and environmental exposures that go beyond the biological element. Also that our rigid social constructs in society are obsolete, and have become destructive with family relationships as well as community at large. And the main component that keeps society floundering is that people ignore the great influence of our animal instinctual behaviors because we feel so intelligent. This book tries to take the magic out of sexuality; showing that sex is purely biological and not sinful, unless someone is being mean spirited. And we should be thankful for diversity. It is not our enemy.
