The Fairbairn-Sykes Fighting Knife: Collecting Britain's Most Iconic Dagger Wolfgang Peter-Michel The Fairbairn-Sykes Fighting Knife stands symbolic for daring secret operations that Britain ran during World War II. This book provides an insight in the development of 20th century's most influential military fighting knife and its historical background. Also the biographical background of its inventors, William Ewart Fairbairn and Eric Anthony Sykes, is embedded in this story and unburdened of all the myths and legends that have been woven around these two innovative men.
