Desire by Starlight Radclyffe

Best-selling romance author Jenna Hardy, aka Cassandra Hart, sprints through life from one appearance to the next, always on deadline, always in demand, always on the arm of a different beautiful woman. She has no personal life because her entire existence is public, and part of her appeal. She loves the tempo, the power, the thrill until the pace catches up to her and she collapses at a book signing. Her doctor orders rest, her editor wants a three book series yesterday, and her attorney informs her she has just inherited a farm in the backcountry of Vermont. Divine intervention or Fate's little joke? The only thing that might possibly save her from dying of boredom during a summer of forced R&R is a dalliance with Gardner Davis, the local vet. Unfortunately, everything about Jenna's high-profile lifestyle is exactly what Gard wants to leave far, far behind, that and a dark secret that haunts the new life she's made.

From reader reviews:

Eric Bass:

Reading a e-book can be one of a lot of action that everyone in the world likes. Do you like reading book consequently. There are a lot of reasons why people like it. First reading a book will give you a lot of new facts. When you read a publication you will get new information due to the fact book is one of numerous ways to share the information or perhaps their idea. Second, looking at a book will make a person more imaginative. When you reading through a book especially fictional works book the author will bring that you imagine the story how the figures do it anything. Third, you are able to share your knowledge to some others. When you read this Desire by Starlight, you are able to tells your family, friends and soon about yours reserve. Your knowledge can inspire the mediocre, make them reading a publication.

Dustin Singh:

Many people spending their time by playing outside together with friends, fun activity using family or just watching TV all day every day. You can have new activity to pay your whole day by reading a book. Ugh, do you think reading a book really can hard because you have to use the book everywhere? It all right you can have the e-book, getting everywhere you want in your Touch screen phone. Like Desire by Starlight which is having the e-book version. So , try out this book? Let's observe.

Pearl Minjares:

Is it anyone who having spare time after that spend it whole day by simply watching television programs or just lying on the bed? Do you need something new? This Desire by Starlight can be the response, oh how comes? The new book you know. You are therefore out of date, spending your free time by reading in this new era is common not a geek activity. So what these books have than the others?

Carolyn Rodriguez:

Do you like reading a e-book? Confuse to looking for your chosen book? Or your book had been rare? Why so many query for the book? But virtually any people feel that they enjoy to get reading. Some people likes looking at, not only science book but also novel and Desire by Starlight or maybe others sources were given understanding for you. After you know how the truly great a book, you feel desire to read more and more. Science book was created for teacher or even students especially. Those publications are helping them to increase their knowledge. In various other case, beside science reserve, any other book likes Desire by Starlight to make your spare time more colorful. Many types of book like this one.
