**Earth Afire** Orson Scott Card, Aaron Johnston

One hundred years before *Ender's Game*, the aliens arrived on Earth with fire and death. *Earth Afire* by Orson Scott Card and Aaron Johnston is the story of the First Formic War. Victor Delgado beat the alien ship to Earth, but just barely. Not soon enough to convince skeptical governments that there was a threat. They didn't believe that until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer Rackham and the Mobile Operations Police could move fast enough to meet the threat.

#### **George Conner:**

As a pupil exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's internal or real their hobby. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Earth Afire can make you feel more interested to read.
