PRESENCE OF OTHER WORLDS WILSON VAN DUSEN

In 1974, Wilson Van Dusen published a groundbreaking study on the findings of Emanuel Swedenborg, a book that has inspired thousands to look more closely into Swedenborg's works and to consider the implications of living a useful and thoughtfully directed life. This updated second edition, published on the thirtieth anniversary of the book's original publication, includes a new introduction to this bestselling work.

An account of the monumental journey of an eighteenth-century scientist and philosopher into the depths of his own mind and to spiritual worlds beyond, *The Presence of Other Worlds* shows how Swedenborg's personal experiences radiate with insights about psychological and spiritual developments that are relevant to modern-day seekers. It has been hailed since its first publication as a passport for all spiritual voyagers into the human psyche and the inner sanctum of the afterlife.

Dr. Raymond Moody, author of *Life After Life*, provides a foreword that explains the importance of Swedenborg's mystical experiences in connection with the near-death experience. Dr. James Lawrence presents a tribute to Wilson Van Dusen and his enduring legacy in an afterword.
