When Life Gives you Lemons: Dealing with the Bitterness of Life LeTasha S Robinson

Have you ever felt like you weren't entitled to the happily ever after that ended so many of the fairytales that we read as children? Do you continue to walk around knowing how to function instead of living the life that God means for you to live? I became a robot to life with one routine after another. To many I seemed as though I was happy but I was growing bitter with each and every day. *When Life Gives you Lemons* is a book that deals with the bitterness that many times comes with life; those things that you store in the back of your mind that you never fully get over. Instead of dealing with it, you learn how to function. This was me. I was in church praising God, but never really enjoying the fullness of God because life was happening and I was growing bitterer with every situation. From a miscarriage to delivering a stillborn, to having hopes and dreams slashed. I started believing the lie that the enemy was saying. The lie that I wasn't entitled to be happy in life. This book is designed to help start the process of letting go of your bitterness through the author's life experiences contained in this book, it will motivate one to start down the road of recovery. To start walking in the life that God has for you which is one full of peace and joy.
