Broken Christa Cervone

According to the Webster's Dictionary the definition of the word Broken is violently separated into parts : SHATTERED Yup, that pretty much sums me up. How do I handle things? I find my answers at the bottom of a bottle of Tequila and sleeping with random men. How did I get this way you ask? Well four years ago I made a decision that cost me the love of my life. I can't undo the things that broke Garrett's heart and drove him out of my life. I haven't seen or heard from him in four long years. But he still haunts me in my dreams or should I call them nightmares at this point. No matter how much booze I drink and how many men I sleep with nothing fills that void. I feel like I am existing but I'm not really living. I'm trying to get my life back on track! I've started seeing a therapist and I've cut back on my drinking. Well that was until. . . BOOM! Garrett walked back into my life. His reappearance threw me into another tailspin. Can we put the pieces of our broken hearts back together? Is there hope for us?
