The Interpretation of Dreams (Hardcover) (Chinese Edition)

Sigmund Freud

The Interpretation of Dreams (Hardcover) (Chinese Edition) Sigmund Freud

The Interpretation of Dreams (Hardcover) is a classic literature on dreams, an important symbol of the formation of the psychoanalytic theory system, and is known by later generations as a book that changed human history. This book initiated Sigmund Freud's "interpretation of dreams" theory, and is described by the author himself as "the royal road to a knowledge of the unconscious activities of the mind". The book introduces the concept of "id", and describes Freud's subconscious theory. It emphatically introduces the theory of the dream as a hallucinatory satisfaction of desires and carries out a systemic research on unconsciousness and dreams from the perspective of psychology, and such research makes the relationship between dreams and disease gradually clear.
