Hayden Chaucer leads a small, but loyal pack in the Wine Country of California. Scarred from his years serving the former Alpha Prime, Hayden is ready for anything—except the arrival of a human madwoman who claims she's lived a life with him. Not only does she know that he's a werewolf and many more of his secrets, she's his mate and now he will do anything to protect her and his pack.

Consumed by her visions and held captive by the True Believers for years, Chelsea flees to the only person who can help her...the wolf whose passion burns in her blood. Desperate to convince Hayden before her fleeting visions abandon her completely, all she knows is she must save his life, even at the cost of her sanity.
