New stationary phases for high performance liquid chromatography has been prepared by the reaction of Bromophenol blue salt solution with Amberlite CG-400 (Cl-) resin . The stability of the new attached functional group on the resin was studied against different solvents such as benzene, ethanol, acetonitrile, acetone, methanol, chloroform, and petroleum ether as well as NaOH and HCl solutions. The new prepared resin was found stable and no depletion of the Bromophenol blue moiety from the resin was noticed with the above materials .The FTIR analysis has configured the attachment of Bromophenol on the resin as well as the physical appearance of the new resins. The new stationary phase has been packed into stainless steel column. The resin capacity of newly prepared resin has calculated. The resin capacity for the Amberlite-bromophenol blue salt was found to average 5.27 meq./g which is more than the Amberlite resin, 3.95 meq./g.

From reader reviews:

Melanie Tuck:

Now a day folks who Living in the era everywhere everything reachable by talk with the internet and the resources within it can be true or not demand people to be aware of each info they get. How people have to be smart in acquiring any information nowadays? Of course the reply is reading a book. Reading a book can help men and women out of this uncertainty Information particularly this High Performance Liquid Chromatography: New Column For High Performance Liquid Chromatography (HPLC) book since this book offers you rich info and knowledge. Of course the knowledge in this book hundred per cent guarantees there is no doubt in it you know.

John Whetstone:

The book with title High Performance Liquid Chromatography: New Column For High Performance Liquid Chromatography (HPLC) has a lot of information that you can discover it. You can get a lot of advantage after read this book. This kind of book exist new understanding the information that exist in this publication represented the condition of the world currently. That is important to yo7u to find out how the improvement of the world. That book will bring you within new era of the globalization. You can read the e-book in your smart phone, so you can read the idea anywhere you want.

Gerald Sosa:

Your reading 6th sense will not betray you actually, why because this High Performance Liquid Chromatography: New Column For High Performance Liquid Chromatography (HPLC) book written by well-known writer we are excited for well how to make book that could be understand by anyone who read the book. Written throughout good manner for you, dripping every ideas and producing skill only for eliminate your own hunger then you still doubt High Performance Liquid Chromatography: New Column For High Performance Liquid Chromatography (HPLC) as good book not merely by the cover but also by content. This is one guide that can break don't judge book by its handle, so do you still needing one more sixth sense to pick this particular!?! Oh come on your looking at sixth sense already said so why you have to listening to one more sixth sense.

Gwendolyn Smith:

What is your hobby? Have you heard in which question when you got pupils? We believe that that question was given by teacher with their students.
