Jump!: The Discovery of the Universe Karina Tovar Naidenoff

Amalia Martin has never been able to remember her dreams, all her life she thought it was just because of her bad memory and she didn't really think dreams could mean anything special. She moved to England to learn the language when one day she had the most amazing and unexpected of dreams which opened her eyes to a different view of the universe. She had never been a regular girl, magic has always taken part on her life, but what she discovered will for ever change human's ways of thinking about our planet and where we all come from.
