Macroéconomie (French Edition)

Olivier Blanchard, Daniel Cohen, David Johnson

Macroéconomie (French Edition) Olivier Blanchard, Daniel Cohen, David Johnson

Véritable livre de référence, Macroéconomie bénéficie de la rencontre d'un double point de vue : celui de l'auteur de l'édition américaine, Olivier Blanchard, un des meilleurs spécialistes de l'économie mondiale, et celui de son également célèbre coauteur, Daniel Cohen, à qui l'on doit cette édition européenne francophone. Complet, accessible et attractif, ce manuel est particulièrement adapté à des étudiants en Licence. Parmi les sujets couverts : Tous les concepts de la discipline : PIB, croissance, inflation, politique économique, marché du travail, chômage, modèle IS/LM, courbe de Phillips, taux de change, etc. Les écoles de pensée : Keynes et les classiques, Milton Friedman, l'école des anticipations rationnelles, la nouvelle école classique et la nouvelle école keynésienne. Les grands événements économiques et les tendances structurelles : Grande Dépression, hyperinflation, chômage en Europe, inégalités aux Etats-Unis. Riche en applications et illustrations, cette nouvelle édition intègre de nombreux changements et approfondissements : Les leçons de la crise pour comprendre l'économie mondiale d'aujourd'hui ; Le passage d'une sécurisation individuelle des institutions financières à une logique plus globale émanant de l'Etat et non du marché (provisionnement et réserves obligatoires, etc.) ; Le recours aux politiques monétaires non conventionnelles (création monétaire, assouplissement du crédit) ; La relance budgétaire de ces dernières années. L'évolution des très hauts revenus ; Enfin, l'ensemble des données chiffrées (chômage, inflation, croissance, PIB, etc.) ont été actualisées.
